EXPERIENCE

REDFIN

Product Manager Intern

Seattle, WA

May – Aug 2018

- Redesigned an agent facing feature, Last Call, which drives 20% more offers & increases revenue by 3% on competitive listings.
- Lead business launches in new Redfin Now markets by running demand driving experiments on high-traffic property detail pages to grow overall contacts & customers by 15% by co-merchandising iBuyer & brokerage businesses.
- Developed product specification for a new Redfin Now customer inquiry form with the goal of increasing conversion rate by 10%, generating higher quality contacts through new informational content & Redfin Home Facts integration.

UNIVERSITY OF PENNSYLVANIA

Teaching Assistant & Researcher

Philadelphia, PA

Nov 2016 - Present

- TA for ECON224: Lead in-class quizzes & mini-lectures, hold weekly office hours, grade problem sets & group projects.
- Course Developer for ECON224 (*Statistical Learning and Causal Inference*): developed core course material with Dr. Francis DiTraglia, such as weekly R problem sets, in-class lab tutorials, lecture notes and biweekly quizzes.
- TA for CIS 350 (*Software Design & Engineering*): held weekly office hours, graded biweekly coding assignments.
- RA for Wharton Ph.D Candidate Kate Odziemkowska (*Management Department*): Built & analyzed panel database of alliances and interactions between 100 F500 Firms & 116 NGOS over 13 years, developed data collection protocols & text-mined data sources

FACEBOOK

Product Specialist Intern

Menlo Park, CA

May – Aug 2017

- Supported internal development of products like Facebook Live and Watch on the Product Operations Media Team.
- Designed and built internal toolkit for monitoring bug signal as a consultant for engineering teams, driving down existing hi-pri issues by 80%, lowering incoming volume by 40%, and reducing fix times to less than 14D.
- Developed H2 2017 Media Engineering strategic plan for improving engineering processes and product launch operations; integrated SQL pipelines with a scalable dashboard to provide teams with consistent dogfooding metrics.

FACEBOOK

Global Marketing Solutions Intern, Facebook University for Business

Menlo Park, CA

June – Aug 2016

- Created an ROI model for the 43 largest Global Sales Operations clients to determine the true cost of service to Facebook for the past 10 quarters, forecast future quarterly revenue and implement new ad growth incentive strategies.
- Built a custom SQL database to visualize revenue streams, quantify trends within reseller and agency intersections, and recommend new areas for growth for the Global Ecosystems team by identifying 20+ types of partnerships.
